

Morgan Tew

Patent Agent

Morgan Tew is a Patent Agent at Workman Nydegger, where she focuses her practice on preparing patent applications across a range of complex technologies. Her work spans artificial intelligence and machine learning, software systems, and mechanical innovations, allowing her to support clients from early-stage development through patent issuance.

She studied Materials Science and Engineering at the University of Utah, where she developed a deep understanding of the relationships among materials properties, design, and real-world applications.

Education

University of Utah, 2024, Material Science Engineering
