

IP Concepts for Startups

Join Workman Nydegger at iHub for IP Concepts for Startups, a monthly group mentoring session focused on the intellectual property questions that come with building and growing a business.

Our attorneys will cover practical IP topics for startups, including patents, trademarks, copyrights, and trade secrets, with time to discuss questions from founders and entrepreneurs.

Sessions are held at iHub on the first Wednesday of every month at 2:00 p.m. We look forward to connecting with Utah's startup community and helping founders better understand how intellectual property fits into their business.
