# W|N Wins Recognition As A Fortune 500 2013 “Go-To Law Firm” for Eighth Consecutive Year

May 13, 2013

Workman Nydegger has again been included in the prestigious list of “Go-To Law Firms” of the Top 500 Companies, for intellectual property. The list is featured in the 2013 Spring edition of *Intellectual Property*, a standalone supplement distributed with the April editions of *Corporate Counsel* and *The American Lawyer* magazines. This honor puts Workman Nydegger in an elite group of firms nationwide that deliver exceptional work for the *Fortune 500.* This marks the eighth consecutive year W|N has been included in the list, more than any other IP firm in Utah.

The *Fortune 500* list is compiled by surveying general counsel at the *Fortune 500* companies, who are asked which law firms they turn to in the following kinds of transactions: litigation, corporate transactions, labor and employment, intellectual property and corporate governance.

Founded more than 25 years ago, Workman Nydegger is one of the largest firms in Salt Lake, and has consistently earned recognition as one of the top intellectual property firms in the nation. The firm represents a wide array of clients in all areas of intellectual property law, including patent, trademark, copyright, unfair competition, and related litigation and licensing matters in a diverse range of technologies, including computer systems, software, e-commerce and information technology; electronics and electrical engineering; pharmaceutical, nutraceutical, chemical, biotechnology, and medical and life science technologies; physics and optics; mechanics and mechanical engineering and alternative energy.
