workman nydegger

New Patent Agent at Workman Nydegger

October 22, 2013

Former summer associate and first-year University of Utah law student, Angela L. Silvers Ph.D., is now a patent agent at Workman Nydegger.

Silvers' technical background covers chemistry, nanoparticles, novel drug delivery systems, DNA detection and solid-state electroluminescent devices (OLEDs).

Silvers earned her Ph.D. in Organic Chemistry from Princeton University in 2006 and master's degree in Chemistry from Princeton University in 2004. In 2002 she graduated *magna cum laude* in Chemistry from Juniata College. As a patent agent, Silvers can prepare patent applications and conduct the prosecution in the United States Patent and Trademark Office.
