Several W|N Clients Recognized In 2013 Utah Best of State Awards

April 29, 2013

Workman Nydegger is pleased to announce that several of its clients were awarded top honors in their respective categories in the 2013 Utah Best of State Awards. Trebor International was the winner in the category for Production and Manufacturing – Chemicals and Related Products, Del Sol won the category for Production and Manufacturing – Textile Products, and Staker Parson Companies was the winner in the category for Production and Manufacturing – Mining/Quarrying.

The Best of State Awards were created to recognize outstanding individuals, organizations and businesses in Utah. The Best of State Judges use three criteria to determine winners in each category: those who excel in their endeavors, those who use innovative approaches or methods, and those who contribute to a better quality of life in Utah, which are weighted 50%, 30% and 20% respectively.

The outstanding achievements of Trebor International, Del Sol and Staker Parson Companies are the result of hard work and dedication to the ideals represented by these criteria, and all of us at Workman Nydegger extend our congratulations to the management and employees of these clients and the other Best of State winners.

Founded more than 25 years ago, Workman Nydegger is one of the largest firms in Salt Lake, and has consistently earned recognition as one of the top intellectual property firms in the nation. The firm represents a wide array of clients in all areas of intellectual property law, including patent, trademark, copyright, unfair competition, and related litigation and licensing matters in a diverse range of technologies, including computer systems, software, e-commerce and information technology; electronics and electrical engineering; pharmaceutical, nutraceutical, chemical, biotechnology, and medical and life science technologies; physics and optics; mechanics and mechanical engineering and alternative energy.
