W|N Continues to Enjoy Prestigious Band 1 Ranking by Chambers USA

April 29, 2013

Workman Nydegger has once again been recognized in its 2013 Guide to Leading Law Firms as one of the top law firms in Utah, by receiving a Band 1 ranking (the highest ranking possible) in the category of Intellectual Property from Chambers USA. W|N has carried a Band 1 ranking longer than any other IP firm in Utah.

Chambers USA is one of a series of guides published worldwide by Chambers and Partners, which has been ranking law firms and attorneys since 1990. Chambers interviews a wide range of lawyers and clients to solicit viewpoints on both firms and attorneys. Rankings are assessed based on technical legal ability, professional conduct, client service, commercial astuteness, diligence, commitment and other qualities valued by clients.

The Rankings range from 1 – 6, with 1 being the highest possible “Band” or ranking.

Mr. Lorimer, the firm’s managing director, noted that “This represents several consecutive years that the firm has achieved such favorable recognition by Chambers USA, which is certainly one of the most respected ranking services in the profession. We feel very honored to be included in its Guide to Leading Firms for 2013.”

Founded more than 25 years ago, Workman Nydegger is one of the largest firms in Salt Lake, and has consistently earned recognition as one of the top intellectual property firms in the nation. The firm represents a wide array of clients in all areas of intellectual property law, including patent, trademark, copyright, unfair competition, and related litigation and licensing matters in a diverse range of technologies, including computer systems, software, e-commerce and information technology; electronics and electrical engineering; pharmaceutical, nutraceutical, chemical, biotechnology, and medical and life science technologies; physics and optics; mechanics and mechanical engineering and alternative energy.
