Chul-Woo Lee

Shareholder

Chul-Woo Lee is a registered patent attorney whose practice involves advising clients on their patent strategies for domestic and international filings. He is experienced in all phases of patent portfolio development including:

- patentability searches
- U.S. and International application preparation and prosecution
- due diligence
- clearance investigations (freedom-to-operate/right-to-use)
- associated opinions

In his work, Chul-Woo has supervised junior associates' work products, conducted telephone or face-to-face interviews with patent examiners and video or in-person conferences with clients and individual inventors. Fields of technology he is particularly experienced in include:

- mechanical/electromechanical/ultrasonic medical devices
- consumer electronics
- wireless communication devices
- autonomous vehicles, ophthalmological devices
- semiconductor treating devices
- fuselages
- golf training devices
- air turbine generators
- advertisement software
- finance-related mobile applications
- network software
- blockchain- and NFT-related technologies
- mechanical and electrical control systems
