Andrew S. Hansen is a registered patent attorney and represents clients in all aspects of patent law, including patent preparation, prosecution, licensing, opinions, post-grant procedures, and litigation. His primary focus is on patent procurement and post-grant procedures in medical devices, materials chemistry, biotechnology, pharmaceuticals, semiconductor fabrication, petroleum refining, software, and e-commerce.

Mr. Hansen brings a unique understanding to the patent procurement process having co-founded two venture-backed medical device companies. He has also served as lead counsel in several patent infringement lawsuits brought by a software company he co-founded.
