Chul-Woo Lee is a registered patent attorney whose practice involves advising clients on their patent strategies for domestic and international filings. He is experienced in all phases of patent portfolio development including:

- patentability searches
- U.S. and International application preparation and prosecution
- due diligence
- clearance investigations (freedom-to-operate/right-to-use)
- associated opinions

In his work, Chul-Woo has supervised junior associates' work products, conducted face-to-face and telephonic interviews with patent examiners, clients, and individual inventors.

Technical Fields

- mechanical/electromechanical/ultrasonic medical devices
